

HOMESCHOOL CO-OP PROGRAM

Grades K-5 | 2022-2023 Academic Year

By partnering with families, Augustine Classical Academy exists to provide an education that is both classical and Christian; to equip students to know, love, and practice what is true, virtuous, and beautiful; and to challenge them to strive for excellence as they live for the glory of God and for the good of all people. Our homeschool collaborative program seeks to mirror this mission by partnering with homeschooling families who desire a Christian environment for academics and enrichment opportunities with a classical approach.

All subjects, apart from a core math and language arts curriculum, are covered through instruction at ACA. If desired, parents may choose to enhance a specific subject or add an additional curriculum on their home-learning days. Homework can be expected in all grade levels.

ACA recommends families use Logic of English for their language arts curriculum and Saxon for their math curriculum. Suggested grade-level pacing guides are available.
